6 Medals per team.

**c. Overall Clubs or Schools**

In order to determine the Overall Classification, all points from both Individual and Team events (Male and Female) will count.

**d.** In the case of Team Events, final placing will be counted as a single medal and not multiplied by 6 (for the team members). For example, the 1st place team in Team Patterns will have only one Gold medal added to their overall medal count, and not six (6).

**e.** In order to declare the overall national association, allied association, club or school winner, only Gold medals will count. However, in the event of two or more national associations, allied associations, clubs or schools having the same number of Gold medals then the Silver and the Bronze medals will count in determining the Overall Winner.

**f.** In the event that this also results in a tie then there will be no Overall Winner.

- Competitors and/or Teams that exceed the settled time shall receive 0 points for any break not yet attempted within the prescribed time limit.
- Referees may disallow an attempt for failure to maintain the following:
  - Correct balance and posture throughout the attempt.
  - Correct attacking tool in the correct manner.
- Referees must examine each board before each attempt.
- Each separated board will count as three (3) points and each bent board will count as one (1) point.
- The four highest scores will set 1st, 2nd and two (2) 3rd place winners. (Only in the event that two (2) or more competitors tie for third place, with the same total score in the same round of breaking, will there be two 3rd place winners.)
- In the event of a tie, the Jury President will randomly draw one item from the list of techniques to be the tiebreaker. He/She will decide how many boards are to be used. The coaches shall indicate the competitors to perform and, in the case of another tie, they will then indicate the next two competitors. This order will proceed until a winner is decided.

N.B.: Competitors and/or Teams that did not score any points at their first attempt during the match will not be allowed to continue the power breaking competition to determine any place and will not receive any medal.

© 2021 – ITF Umpire Committee - Official Rules of Competition – 2021 v1
SP 8. Special Technique

Umpires shall score all point(s) electronically as indicated in the ITF World Junior & Senior Tournament Rules, and the following decisions will apply:

a. After a red flag is raised by the referee, each Individual competitor or Team has a total of five (5) minutes to attempt to break the board for all five (5) special technique items, which must include one (1) pre-judgment of distance with no touching allowed, followed by the attempt to break the board.

b. Competitors and/or Teams that exceed the settled time shall receive 0 points for any break not yet attempted within the prescribed time limit.

c. Referees may disallow a break due to the following:
   • Using incorrect attacking tool or in the incorrect manner.
   • Knocking down the obstacle when performing Twio Nomo Yop Chagi.
   • Falling down (when any part of the body, other than the feet, touches the ground).

d. Referees must examine regularly each machine and/or board.

e. Each fully broken board will count as three (3) points and each half-broken board will count as one (1) point.

f. The four highest scores will set 1st, 2nd, and two (2) 3rd place winners. (Only in the event that two (2) or more competitors tie for third place, with the same total score in the same round of jumping, will there be two 3rd place winners.)

g. In the event of a tie, the Jury President will select one item from the list to be the tiebreaker. He/She will decide how high the jump will be. The tied competitors will then carry on until the places are decided.

N.B.: Competitors and/or Teams that did not score any points at their first attempt during the match will not be allowed to continue the special technique competition to determine any place and will not receive any medal.

If it is the case that the **BLUE** competitor cannot continue the match, either due to the nature of the injury or that the allocated treatment time of 3 minutes has expired, the **RED** competitor can only be held negatively responsible if no additional match action has occurred since the consequence of the warned action or foul. If match action continues after the initial visit of the doctor and the match is stopped again due to a reoccurrence of the original injury, the **RED** competitor is not negative responsible **AS THEY CANNOT BE SANCTIONED A SECOND TIME** for the past (original) infraction and the **BLUE** competitor must surrender the match.

**Displaced Obstacle**

In Special Technique Breaking, if any part of the competitor’s body, uniform or belt comes into contact with either the barrier or any of its components, and subsequently caused the barrier to be moved from its normal position of rest and either activated or dislodged, resulting in an incomplete and therefore ineligible attempt to break.

Excessive Contact

Any interpersonal contact during sparring competition, whether intentional or not, committed in gross violation of the rules, that is intended or likely to cause injury to the opponent; that is executed in an unsafe, uncontrolled, disrespectful or unsportsmanlike manner. These actions may or may not have caused injury and/or been the result of Negative Responsibility. This is a major violation of the rules that results in the offender being disqualified.

Falling Down

When any part of the competitor's body, (other than the feet) comes into contact, for any period of time, with the playing surface of the ring.

Final Sequence

In Pre-Arranged Sparring, the last continuous, uninterrupted series of blows, performed by one member of the team, which are not defended or interrupted in any manner by the opponent. The Final Sequence is the only series of unblocked attacks permitted throughout the performance. It is the terminal sequence designed to incapacitate or stop the opponent. The effects of this final sequence may be made evident by the opponent falling, twisting, flipping, or tumbling in representation of the impact.

The effect of the final blow is not considered an acrobatic sequence, so long as it is a single reaction (i.e., it is a logical representation of the final blow, such as flips resulting from the final impact, throws that are not avoided/released, sweeps that are not avoided or moved through, etc.).

First Aid

A person accredited to provide emergency care for injuries of a non-life threatening nature and appointed to provide care for all minor treatment of wounds or injuries at a tournament. In the event there is no official Tournament Doctor in authority, First Aid reserves the final authority in any medical decision pertaining to the tournament and, as such, their decision is final and binding.

**Heavy Contact**

Any interpersonal contact that is administered with emotion, aggression, mal-intent and/or a loss of control, or any technique that is executed without an attempt to control or retract the attacking tool, and/or that causes the opponent’s body (head or torso) to be displaced more than acceptable for the situation. This violation of the rules results in a foul being assessed against the offender.

**Hong**

The “Red” competitor.

**Injury Time**

The three (3) minute maximum accumulated time period during a match in which the official timer is stopped, allowing the tournament medical personnel (doctor, or appropriate first aid attendant) to diagnose and treat an injury sustained during the course of the match.

The three-minute Injury Time will begin the moment the doctor is in front of the injured competitor, and will end when the doctor departs. This time will be recorded, and if the doctor is called again during the
same match, the injury clock will resume counting down from the last time point recorded.

At the end of the three (3) minute Injury Time, the medical personnel must make a final declaration as to the competitor’s ability to continue with the competition. Any competitor requiring more than three (3) total minutes of medical attention during a match will not be allowed to continue and will forfeit the match.

**Interfere (Interference)**

Any actions, articulations, words, sounds, or behaviours, which cause a disruption or distraction, or otherwise influence or manipulate a competition, a competitor’s performance, the duties of an Official, or the potential outcome of a match.

**Jury Member**

One of two officials assisting the Jury President in the administration of a Ring Council. The Jury Member is responsible for aiding in the management of the Competition Draw; recording data (i.e. fouls, warnings, round number, winners); ensuring that the correct competitors are present when called; and performing any other necessary business of the Ring Council. Jury Members are responsible to, and take directions from, the Jury President of their assigned Ring Council.

**Jury President**

The Head Official in charge of and responsible for the overall administration of the rules of competition and the fair and professional operation of one (1) Ring Council at a tournament. The Jury President is the designated representative of the Tournament Committee for all matters pertaining to that individual ring and its operation, and is responsible for the supervision of all other Officials assigned to that Ring Council.

**Light Contact**

Any interpersonal contact during sparring competition, whether intentional or not, that is executed with care, control, sportsmanlike behaviour, an attempt to control and retract the attacking tool, and does not result in the excessive displacement of the opponent’s body.
(head or torso). This contact is deemed acceptable and does not result in either a warning or foul being assessed. This amount of contact is neither intended nor likely to cause damage or harm to the opponent.

An altered mental state characterized by the inability of a person to respond to verbal and physical stimuli, often resulting from impact or trauma to the head or spine.

**Medical Decision**

The final decision or declaration by the tournament’s Qualified Medical Personnel regarding the treatment of injuries and/or the subsequent ability of a competitor to continue the competition, either immediately or in the near future.

The decision of the tournament’s Qualified Medical Personnel is final and irrefutable; as such it must be respected and adhered to by all persons* (i.e. competitor, coach, officials, family). Any person insisting on contravening the Medical Decision will be immediately disqualified from the tournament and subject to future Administrative Action.

*NOTE: The ITF TUC reserves the right to overrule a Medical Decision and prevent an athlete from returning to competition if, in their opinion, there is a continued risk to the competitor, the opponent, competition ethics, or other such concern. However, the ITF TUC cannot overrule a Medical Decision and allow a competitor to continue against medical advice.

**Mixing Movements**

In patterns, mixing movements occurs when a competitor performs two or more sequential movements from a pattern other than the pattern designated.

**Negatively Responsible**

A competitor that is deemed to be the cause of an injury or loss of consciousness due to having performed an action that is considered illegal, unsafe, unsportsmanlike, executed with a lack of control, or executed with the intent to cause harm to the opponent.
**Official Protest**

A formal complaint presented to the Tournament Committee by an accredited coach as to an action or decision in contravention of the rules of competition, ethics, protocols and procedures, or concepts of equitable and fair play. An official protest may only be presented by an accredited coach, and must be presented within five (5) minutes of the end of the match, in writing (In English) on the official protest form, and must be accompanied by the appropriate tax.

Protests are presented to the Tournament Committee who will then meet, investigate, and make a decision as to the validity of the protest. The Tournament Committee’s decision is final and binding.

**Outside of the ring**

The moment that a competitor comes into contact with any area of the floor, outside of the boundaries of the playing surface, and has no portion of either foot in contact with the playing area of the ring. (I.e. two feet completely out of the ring and in contact with the ground; or one foot out of the ring, making contact with the ground, while the other foot is off the ground.)

**Playing Surface**

**Point Deduction**

The result of a competitor having received any three (3) warnings for minor infractions of the rules. (Point Deductions are not the same as fouls, and as such, the accumulation of three (3) Point Deductions does not result in a disqualification.)

**Pre Action**

**Pushing**

The intentional use of any part of the body to exert force on the opponent, with the intention of unbalancing or relocating the opponent, and without the execution of a legal technique intended to score a point.
Ring
One of the official competition areas within a tournament, within which the competitions are conducted. A ring consists of the competition playing area, safety matting, Jury Table and chairs, Umpire Chairs, Coaches’ Chairs, and all associated equipment and supplies.

Ring Council
The eight (8) officials assigned to a given ring in order to administer, manage, conduct and score the performance of the competitors. A ring council is comprised of one (1) Jury President, one (1) Jury Member, one (1) Computer Assistant, one (1) Center Referee and four (4) Corner Umpires.

Safety Matting
An approved flooring system comprised of sponge foam or equivalent, specifically designed to provide a measure of impact absorption and slip/fall resistance for martial arts competition.

Safety Matting must have a tactile or textured surface free of any lacquer or slippery treatment, which might contribute to loss of footing, falls or injury. Safety Matting must cover the entire playing surface of the ring floor in one singular colour, and must also include a one-meter wide warning perimeter of a contrasting colour, which delineates the boundaries of the playing surface.

Square
The actual competition playing area, surfaced with appropriate foam safety mats of one (1) solid colour, surrounded by a perimeter of one (1) meter of mats of an opposing colour.

Start
In Patterns: A pattern starts at the command of “Sijak”, and is scoreable from the moment the command is issued. If, at the moment the command of “Sijak” is issued, the competitor is in the wrong ready position for the pattern to be performed, then the competitor will receive a score of zero for that pattern.

Step
The complete removal and subsequent replacement of one or more of the feet on the floor, regardless of whether it results in any advancement, withdrawal or lateral motion.

Tax
A monetary fee assessed to a coach in order to initiate or present an Official Protest. This fee is charged in order to discourage frivolous
Protests. If the Protest is accepted as valid and is supported by the decision of the Tournament Committee, then the tax will be refunded. If the protest is found to be invalid or without merit, and is ruled against by the decision of the Tournament Committee, then the tax will be forfeited.

**Touch**

When any portion of the competitor’s body comes into contact, whether momentary or continued, with any portion of the target or allied equipment.

**Touched Obstacle**

In Special Technique Breaking, when any part of the competitor’s body, uniform or belt comes into contact with either the barrier or any of its components, yet the barrier has not been displaced and remains in its normal resting position.

A Touched Obstacle may move without penalty, so long as it is not activated or displaced from its normal position of rest.

**TUC Committee**

The committee of members that oversees and administers the actual operation of the tournament. The TUC is responsible for the scheduling of rings and competitions, management and supervision of officials, investigation and decision of protests, and all other business of the tournament. The TUC Committee is the highest level of authority at a tournament, with jurisdiction over any and all matters, and, as such, their decisions are final and binding.

**Warning**

A penalty issued to a competitor for a minor infraction of the rules. The accumulation of any three (3) warnings results in the automatic deduction of one (1) point from that competitor’s score. (Note: these point deductions are not considered fouls, and, as such, they do not result in a disqualification.)

**Warning Perimeter**

A safety zone extending around the entire perimeter of the playing surface of a ring, delineating the boundaries of the playing area, and upon which sparring competitions are not eligible to be graded.

The Warning Perimeter must be comprised of a safety matting colour, which contrasts the colour of the playing area, and measures one (1)
meter in width. In the event that a given ring is raised above the ground (i.e., on a platform), then the width of the Warning Perimeter should be extended to a minimum of two (2) meters.

**Weigh-In Required Clothing**

The required items of clothing to be worn by each sparring competitor when mounting the scales to have their weight verified in accordance with the rules. All competitors attending the weight verification must wear an Official Approved ITF Doboks Trousers and either a T-shirt OR Polo Shirt. No other clothing, accessories or other items may be worn or carried onto the scale. Competitors are not permitted to remove any of the required articles of clothing in attempt to lower the weigh measurement.
